

Practical banking domain knowledge — for IT teams, BAs, and banking professionals.**WHAT IS BANKLY TRAINING?**

- Bridges the gap between how banking works in practice and how IT teams build and test systems.
- All training grounded in real implementation experience — not academic theory.
- Three delivery modes: self-paced video, live virtual workshop, and in-person corporate training.
- Curriculum covers Trade Finance, Retail Banking, and IT functional consulting skills.

■ Pre-Recorded Video Course

Bankly Online

- Self-paced — learn at your own schedule. Lifetime access.
- Ideal for individuals upskilling, CTF / JAIIB prep, IT BAs entering TF domain.
- Certificate of completion on request.

■ Live Virtual Workshop

Bankly Virtual

- Instructor-led, interactive — real-time Q&A with domain expert.
- Ideal for corporate teams needing structured domain upskilling.
- Custom modules based on team project needs. Recording on request.

■ In-Person Corporate Workshop

Bankly On-Site

- Full-day on-site training at client premises.
- Hands-on exercises, case studies, printed participant workbook included.
- PO-based billing for corporates. Custom agenda available.
